WORKS WITHIN SANTA MARIA ADDOLORATA CEMETERY

The Director for Environmental Health wishes to notify that from the 10th October till the 10th November 2012, both dates inclusive, it is not permissible to carry out transportation of corpses, fixing of new monuments, maintenance works and painting of chapels and existing monuments or other similar works at Santa Maria Addolorata Cemetery and other Government Cemeteries.

From the 20th October till the 20th November 2012, both dates inclusive, cleaning of graves is only permissible when burial cannot be carried out since no space is available in the grave involved. Such work is to be carried out by nine in the morning, but between the 31st October and the 4th November, both dates inclusive, cleaning of graves is not permissible.
