Request for Participation (Negotiation) for the Supply of Natalizumab 300mg vials

Clarification No.6 – dated 11/06/20

Questions submitted by Economic Operators

Question 1:

With reference to clarification number 3 it is to be noted that at this stage that one is to submit an interest and not an offer. The technical parameters will be submitted in the tender that will be issued.

We however confirm that patients may be switched from current treatment onto our product. Moreover, the product we propose is more advantageous, as this is to be administered every six months vs the monthly administration of the current treatment rendering amongst other factors the proposed product to be far more beneficial to patients.

The product proposed also covers more indications vs the current offered treatment.

We understand from the parameters of this RFP that an interest to participate shall suffice at this stage. Kindly amend the RFP to cater for alternative treatments too.

Answer 1:

As per standard RFP procedure, interested bidders will be requested to submit the technical documentation of product being offered following closing date of RFP.

Kindly note that the deadline for submission of clarifications by economic operators is Monday 15th June by 11:00am.

The deadline for submission of clarification responses by the contracting authority is Monday 15th June, 1:00pm.

The above clarifications are constituted to form an integral part of the original published procurement documentation.
