

# IVI Course Certification Pathway for the IVI Didactic & Online Course

NURSING SERVICES DIRECTORATE

TEL: 22992 550

## Getting prepared ....

### IVI Didactic Course

If your IVI certification expired by more than **FIVE YEARS**, then you need to do the Didactic Course.

The Education Liaison Unit within your place of work has all the necessary data so that you will be notified with the Course Schedule, and information about the Clinical Assessment.

Information about the course can also be obtained by logging on <http://www.ivicourse.com/>

There is no need to register online for accessing information. You can find useful information by clicking on:

**COURSE UTILITIES**

And **IVI WORKBOOK**

On **Page 7** of the IVI Workbook you will find the **Course Self Assessment of Theory**. Please follow the instructions carefully.

One can still use the IVI website for further information and professional development.

The IVI Course Completion form for the Didactic Course can be downloaded from the website, or obtained from the Education Liaison Unit within your place of work.

The form must be signed by Authorised persons only. Once the form is properly, and completely filled in, it needs to be

handed to the Education Liaison Unit. Given that all details are verified to be correct, then an IVI Course Certificate will be issued by the Nursing Services Directorate. This certificate has a validity of **5 Years**.

**Important – Only ONE certificate can be issued. Please keep it in a safe place.**
