PRESS RELEASE BY THE SUPERINTENDENT OF PUBLIC HEALTH

Reference Number: PR181857, Press Release Issue Date: Aug 31, 2018

The Health Authorities have responded to the fire at the Magħtab Wasteserv facility and have advised the public to take necessary precautions.

The Superintendence of Public Health would like to emphasize the message to the public about the need to wash fruit and vegetables before consumption or prior to processing and/or cooking. This information is being highlighted in view of the possible deposits of burnt material on crops in the affected areas. Samples are being taken for the necessary analysis.

For any queries, one may call the Environmental Health Directorate on 21337333
