

European Union – eHealth Digital Service Infrastructure

CONSENT FOR CROSS-BORDER TRANSFER OF PATIENT SUMMARY

If you intend to travel to another EU or EFTA* country, please consider giving consent for a summary of your health data to be transferred from Malta to that country in case of medical need, using the EU’s eHealth Digital Service Infrastructure. You may give consent online in the myHealth portal (www.myhealth.gov.mt): log in using your e-ID, go to Profile & Settings, click on Crossborder Consent, read the Patient Information Notice, and set and save your consent.

You may also give consent by completing and signing this form and posting it to: Information Management Unit, Unit 17, Outpatients Building, St Luke’s Hospital, G’Mangia, PTA1012. You may also scan it and email it to crossborder.ehealth@gov.mt. **The person signing the form must also send a copy of the front and back of his/her national ID card.** Only clear and complete applications will be processed.

PERSON’S DETAILS

Full name *(in block letters)* _____

ID Card Number _____

Date of birth _____

I, the undersigned, have read and agree with the conditions in the Patient Information Notice (available at www.cbeh.gov.mt) and give my consent for cross-border transfer of my Patient Summary using the EU eHealth Digital Service Infrastructure, for the purpose of providing me with medical care:

To any EU or EFTA* country.

To any EU or EFTA* country except _____

(Please mark and complete as applicable)

I understand that I can change or revoke this consent myself online through the myHealth portal, or request change or revocation by writing to the Information Management Unit.
