Re: Levothyroxine 25mcg Tablets

It is being brought to your attention that levothyroxine 25mcg tablets are now available on the Government Formulary List for inpatient and outpatient use.

Levothyroxine 25mcg tablets will be replacing levothyroxine 50mcg tablets. Patients on levothyroxine 50mcg tablets are to take two 25mcg tablets.

For higher doses, levothyroxine 100mcg tablets/capsules, also listed on the Government Formulary List, can be prescribed.

For your attention please.

Dr. Denis Vella Baldacchino
Chief Medical Officer
