PRESS RELEASE BY THE MEDICAL COUNCIL MALTA

The Medical Council Malta, as the regulatory body for the medical and dental professions, has the remit to ensure professional and ethical standards as well as patient safety. The Medical Council has published guidelines of such standards.

The Covid-19 pandemic has affected professionals and the general public and will continue to do so. All efforts to curb these effects are a must. The Medical Council, cognisant of all risks such a pandemic effects on the nation, trusts in well researched literature and the academic wisdom and professionalism of entrusted national authorities in the country that advise evidence-based measures.

Vaccination is without any doubt an essential tool to curb the effects of the pandemic. The nation's authorities are doing well in continuing the rapid dissemination of vaccines. The Medical Council encourages the general public and professionals under its remit to take up vaccination and follow the advice for social distancing, mask wearing, and hygiene measures as directed by the Public Health authorities.
